

美华航太工程师协会第 27 届年会研讨会于三月十九日举行

**SCAAE 27<sup>th</sup> Convention Daytime Seminar, March 19, 2016**

The daytime seminar, the first part of the SCAAE 27<sup>th</sup> convention, was held from 11:30am to 3:30pm at the CCASC (南加州中华文化协会) located on Norwalk Boulevard, Artesia.

Engineers with various technical backgrounds and expertise gave speeches on interesting topics in various areas and fields such as management of dynamics and distributed workforce, China's high speed railroad system, motor control algorithm and application, and commercial drone application. An introduction to the 6<sup>th</sup> GCAT Conference 2015 (2015 全个球华人航空产业论坛暨第六届田长霖论坛) was also presented. The seminar was highlighted by the secrete health formulas shared by two senior engineers.

Mr. Bing Tong presented “Thoughts on Managing Dynamic and Distributed Workforce Globally Efficiently”

Dr. Hong Yuan, presented “A Discussion of China High Speed Railroad System”

Mr. Louis Zhu, presented “The Advantages of FOC Motor Control Algorithm and Its Application”

Mr. Keneth Liu and Mr. Tyler Minegar Presented “Commercial Drone Application”

Dr. Jack Liu presented “Introduction to the 6<sup>th</sup> GCAT Conference 2015 (2015 全球华人航空产业论坛暨第六届田长霖论坛)”

Dr. Phil Oyoung shared “Secrete Health Formulas”

Mr. George Wong shared “Secret Health Formulas”
